Claims 1, 3-10, 12-13, 15-27 are allowable over the prior art of record because the prior art of record fails to teach or fairly suggest that processing the plurality of search results into a processed information content via the aggregator, wherein said processing includes applying a rules and standard designed by a client, as argued by the applicants in the response received on 7/6/04, pages 8.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
